

Shabbat Rosh HaShanah September 15-17, 2023 – 1-2 Tishri 5784

L'Chaim Airlines announces boarding for flight 5784. Your luggage should contain only the best memories of 5783. The bad or sad moments should be deposited in the nearest trash can. The duration of this flight will be 13 lunar months (12 solar months). Adjust your seatbelt and be comfortable. The next refueling will be shortly at the scales of Yom Kippur with Love, Joy, Kindness, Humility, Patience, Self-Mastery, Harmony, Wellness, Peace, and Spiritual Study with Faith and Hope. During the flight, the Captain offers the following menu:

A cocktail of abundant health.

An appetizer of prosperity.

A bowl of excellent news.

A salad of success.

A main course of peace.

A cake of happiness.

And most importantly from the dessert section, Trust and Faith: All accompanied by bursts of smiles.

Upon starting your journey, please allow yourself to thank the people who made your 5783 beautiful (and at times challenging) and your Captain HaShem for lovingly directing your flight. Wishing you and your families a Blessed, Meaningful, Happy, and Healthy journey aboard flight 5784.

May this year the Most Revered of all pilots, HaShem, guide your journey with great love and safety.

Le'Shanah Tovah!
