

Shake your lulav

How Do You Make a Lulav *Shake*?

Take two scoops of ice cream, some chocolate soda, and a little lulav? Well...that's one way to do it. There is a better way that isn't nearly as filling, but is infinitely more rewarding. First, you take a branch of palm (in Hebrew: Lulav). On the right side attach three myrtle branches (Hadas). On the left, place two willows (Aravot). Now hold them together with a bright yellow Etrog, and give them a good shake.

Since time immemorial, blessing the Lulav and Etrog has been the Jewish way of thanking God on the holiday of **Sukkot** for the blessings of the Earth. By holding the four species together, we symbolically "get our own act together" in preparation for the New Year. By pointing them in six directions, we remind ourselves that G-d's presence can be found in every area of our lives. And by shaking the Lulav and Etrog vigorously, we commit to being movers and shakers in the world this year, for good and for blessing.

Try something new that's very old.
